Local officers and Road Policing officers continue to proactively patrol Ward 6's road network, which continues to be busy during the summer months.

### Anti-Social Behaviour, Disorder and Violence

Intention – With Partners, better understand the causes to prevent and reduce instances of Anti-Social Behaviour, Disorder and Violence to enhance community safety across the Highland Area.

Objective – Work with Partners to share information, support Education, Prevention, Diversionary and Enforcement Measures linked to harmful alcohol consumption; maintain robust procedures around licensed premises; support victims of violent crime by working with partners to improve service provision and prevent repeat victimisation.

-----

Alcohol related violence, domestic violence and violence towards the Police are the biggest issues in this section for July. Police Scotland is committed to effectively dealing with perpetrators of violence and will not tolerate violence of any kind towards its officers. Perpetrators of such incidents will always be dealt with robustly and reported to the courts where there is sufficient evidence.

We have or are continuing to investigate twenty-three reported assaults of varying degree. Including an individual charged in relation to a serious assault which occurred in Firhill, Alness.

July has also seen sixteen public order offences within Ward 6. These range from vandalisms in the Ardross area to egg throwing at an address in Invergordon, which saw the perpetrator receive a recorded police warning and another person, in a separate incident, being arrested and charged with a hate crime in Alness.

### Acquisitive Crime

Intention – With Partners and Communities, prevent instances of acquisitive crime across the Highland area.

Objective – With Partners, share information, support education, prevention, diversionary and enforcement activity linked to acquisitive crime; develop work with targets – recidivist offenders to reduce reoffending linked to acquisitive crime e.g. Persistent Offenders programme; enhance the use of all media platforms to raise awareness of local and national preventative initiatives.

-----

We have investigating four offences of theft from local supermarkets where food and alcohol have been stolen. Police Scotland will continue to work with shops and supermarket security teams to assist in increasing their security measures and preventing instances of shoplifting.

July has also seen six offences of fraud reported to us. This has included banking fraud, a fraudulent car sale and a romance scam, in which an individual has, over a period of time, been persuaded to send money to a person they met online. The person does not exist. Given the complexity of many frauds, enquiries can be protracted so our investigations in many cases, are continuing.

We urge our communities to remain vigilant – fraud can be committed in person, online or via telephone. Further advice can be found at [Police Scotland Search - Police Scotland](#)

## Protecting Vulnerable People

Intention – Protect people at risk of harm.

Objective – With Partners and as corporate parents we will deliver the Highland CHAMPS (Highland Champion Board) strategy; with Partners we will focus on safeguarding communities; with Partners we will address emerging issues through Prevention and Intervention.

-----

There is nothing specific to report for July under this section however, protecting vulnerable people remains a priority for local officers. Calls regarding concern for person and mental health related incidents are attended frequently. These calls can have quite an impact on local resources however there is currently a review ongoing at executive level to ensure Police Scotland are providing the most appropriate response to these types of incidents. Further information can be found here [Thematic review of policing mental health in Scotland | HM Inspectorate of Constabulary in Scotland](#) and [Multi-Agency Partnership Approach to Distress: Framework for Collaboration](#)

-----

ACT Early is a program delivered to schools across the Highland area. The ACT Early session is a vehicle for debate around the sensitive issue of violent extremism within communities. As such it is an enabler for community participants to air grievances, debate matters of interest to them and work through a group problem solving experience. The following links can provide more information regarding the program: <https://act.campaign.gov.uk/> <https://actearly.uk/>

Whilst Counter Terrorism is obviously a priority for Police Scotland, in the monthly report it is anticipated that there will be nothing to report monthly and the information will generally remain as above.
