These calls can have quite an impact on local resources however there is currently a review ongoing at executive level to ensure Police Scotland are providing the most appropriate response to these types of incidents. Serious and Organised Crime

Intention – With Partners, reduce the threat, risk and harm caused by Serious Organised Crime.

Objective – With Partners work to safeguard the Highland area by taking all opportunities to prevent crime and make the Highland area a hostile environment for Serious & Organised Crime Groups; to improve outcomes for individuals and communities and reduce offending through prevention, early intervention and diversion; in support of our Partners in the Local Authority and NHS via the Highland Alcohol and Drug Partnership Strategy we will direct those who are substance dependant towards recovery through prevention, treatment and support services; with Partners work to reduce the instances of substance misuse in our communities.

Police Scotland continues to tackle substance abuse within our communities by using tactics such as proactive searches of individuals and pre-planned, intelligence-led enforcement.

Of the seven recorded offences of possession of controlled drugs (class A-C) during the month, three Recorded Police Warnings have been issued, a perpetrator has been charged with possession of more than one type of controlled drug and another instance saw the suspected drugs being sent to the laboratory for testing to ascertain their legal status.

ACT Early is a program delivered to schools across the Highland area. The ACT Early session is a vehicle for debate around the sensitive issue of violent extremism within communities. As such it is an enabler for community participants to air grievances, debate matters of interest to them and work through a group problem solving experience. The following links can provide more information regarding the program: <https://act.campaign.gov.uk/> <https://actearly.uk/>

Whilst Counter Terrorism is obviously a priority for Police Scotland, in the monthly report it is anticipated that there will be nothing to report monthly and the information will generally remain as above.
